

# Let the Sunshine In (Radio Version)

## Army of Lovers

We starve, look at one another short of breath  
Walking proudly in our winter coats  
Wearing smells from laboratories  
Facing a dying nation of moving paper fantasy  
Listening for the new told lies  
With supreme visions of lonely tunes  
Somewhere, inside something , there is a rush of greatness  
Who knows what stands in front of our lives  
I fashion my future on films in space  
Silence tells me secretly ev'rything, ev'rything  
Singing my space songs on a spiderweb star  
"Life is around you and in you"  
Answer for Timothy Leary, dearyLet the sun shine  
Let The sunshine in

Let The sunshine in

Let The sunshine in
