Consumed

Crown The Lost

Your crimson lies
Betrayal of his trust
Don't walk through me
When reality becomes too much
The end runs through my veins
The perfect storm arrives
Bless you with death
Caressed by evil's touchCold infinity
The useless has survived
Shield through vanity
Resist all you see
Gather among failure
Cling to those around
Bless you with death
Caressed by evil's touchCry
Cry toward, toward the bleeding sky
Once dead has come alive
Spread
Spread your glowing black wings
You can't resolve these thingsFalse idols of mankind
Are frail like the ones you know
Consumed by his poisoned heart
Consumed by your vacant thoughtsProtect yourself
So small in the light
Cleansed from filth
Awash with hollow hands
A vision of clarity
This moment is sown in time
Disengage reality
Formless the shape in the skyKill your
Kill yourself for foolish pride
The secrets that you hide
Kill the
Kill the absent, sacred one
His words will never come aliveFalse idols of mankind
Are frail like the ones you know
Consumed by his poisoned heart
Consumed by your vacant thoughtsRelease your worth
It's all you see

And your need to control
Destroyer of hopes
And all your dreams
Couldn't be more useless to meFalse idols of mankind
Are frail like the ones you know
Consumed by his poisoned heart
Consumed by your vacant thoughts
