

# Marked

## Michelle Malone

I'm so surprised  
my head's still wrapping 'round what you confessed  
you could have knocked me down  
your words threw fists  
on your way out you blew a kiss I'm so naive  
I thought that love was all we'd ever need  
I never thought this could happen to us  
broken and hanging on a crutch This one's gonna leave a mark like a rusty knife in surgery  
This ones gonna leave a mark  
I been branded by your purgery  
I'm marked by an angry love  
I'm marked by an angry love  
I'm marked I stayed too long  
but I kept hoping that it would get better  
Like it felt when we first got together  
but your deceit put out the fire I tried to hang on  
Just about as long as I could stand it  
The situation made me feel so desperate  
like I'd been hit by a stray bullet This one's gonna leave a mark  
I been poisoned by toxic tattoo  
This ones gonna leave a mark  
I been dropped kicked by a combat boot  
I'm marked by an angry love  
I'm marked by an angry love  
I'm marked This one's gonna leave a mark  
like a head-on crash with a highway post  
This ones gonna leave a mark  
I'm wearing windshield glass and blood stained clothes I'm marked by your angry love  
I'm marked like I been hit by a truck  
I'm marked - riches to rags again  
I'm marked - where are all my friends?  
I'm scarred - I'm scared  
I'm marked
