Isnt She

Carolina Rain

Isnt she supposed to be in California? Yeah
Man in the mirror said, Boy, I tried to warn ya, yeah
I know theres no one here but me
So why do I still feel her?Isnt she long gone by now?
I heard she was livin in a west coast town
Sellin margaritas from a tiki hut on the beachDidnt I see with my own eyes
That bus pull away as she waved goodbye
I know I did but somethin keeps tellin me
Shes back again, isnt she?On the other side of the rockies, yeah
So hows it possible, I can hear her talkin? Yeah
Must be my heart playin tricks on me
I keep askin myself, why?Isnt she long gone by now?
I heard she was livin in a west coast town
Sellin margaritas from a tiki hut on the beachDidnt I see with my own eyes
That bus pulled away as she waved goodbye
I know I did but somethin keeps tellin me
Shes back again, isnt she?I know thats her perfume
(Ohh, isn't she?)
Right here in this room, isnt she?I know theres no one here but me
So, why do I still feel her?Isnt she long gone by now?
I heard she was livin in a west coast town
Sellin margaritas from a tiki hut on the beach, yeah, yeahDidnt I see with my own eyes
That bus pulled away as she waved goodbye
I know I did but somethin keeps tellin me
Shes back again, isnt she?Isn't she? Isn't she?
Isnt she supposed to be in California?
