All I Need

Xscape

Can't you see your love is all I need?
Without you I'm nothing so please don't ever leaveBaby, I think you should take the time alone
To sort out your feelings and be sure you're not goin' wrong, no
You see, I know you hear many things that make you cry
But our love is too strong to be ruined by a lieCan't you see your love is all I need?
Without you I'm nothing so please don't ever leaveNow tell me, how I could ever live without you
If you left me now I don't know what I would do
I've never known anyone who could love me like you do
You mean the world to me and I feel I mean as much to youCan't you see your love is all I need?
Without you I'm nothing so please don't ever leaveI've never known anyone who could love me like you do
You mean the world to me and I feel I mean as much to youCan't you see your love is all I need?
Without you I'm nothing so please don't ever leaveCan't you see your love is all I need?
Without you I'm nothing so please don't ever leaveNo, I just can't live without you
Can't live without your love
So baby please don't leave
You should take some time to realize
Baby, you're the only one I'm thinking of
Baby, please don't leave
Thought our love was too strong to fall
I need you, baby so please don't go
