

# Change the World

DJ Bobo

Chorus:

Together we'll change the world

This is our destiny

And make it a better place

In peace and harmony

Together we'll change the world

Can be reality

And then we gonna, make it right

And stop the misery

All the people in every nation

Now we gonna rise above

All the problems and frustration

Now stand up and say enough

Rap 1:  
You can call me a dreamer, I guess I'm a believer

I believe we can change the world one day

Anyway, sooner or later, we're nature's creator

We wanna live in peace, stop to run away

Open your mind, the view doesn't get clearer

This is your time, don't let nobody stop ya

Here is your destiny, holding your hand

Let's call it a friend

Rap bridge:

Everybody stand up, up

We can make things better, better

Everybody for peace, peace

Come on let's change the world

Midpart:

Let's change the world - together we are strong

Let's change the world - we know what's going on

Let's change it all - the world is in our hands

We all need peace, we all need hope

Let us change the world

Rap 2:

Stop, step back don't let somebody play the game

Scream it loud, we don't want no black rain

No pain anymore in human history

I'm talking about a world, full of melody

My life keeps on running, - just faster and faster

I pray for a wind of change, don't want that disaster

Fighting with spirit, - for everyone, for you and me

This world is my place to be
