

We Can Change The World

Bridgit Mendler

Bridgit Mendler:

We can, we can, we can
We can, we can, we can (x2) We've got the world in our hands
Now we're gonna start a new day
I saw my feet hit the sidewalk
Now I'm gonna make my own way
We are not on our own, on our own
We'll share this moment 'Cause we can
We can, we can, we can
Change the world
With every footstep
We're taking the journey
We're gonna do this little thing
The big thing, everything we can
'Cause we can, we can change the world Yeah, yeah! What's your name?
Won't ya stand out?
Turn it up, it's time to play
You wanna give it all you got
If you want it, then you got it made
We grab the microphone, microphone
We're gonna own it! 'Cause we can
We can, we can, we can
Change the world
With every footstep
We're taking the journey
We're gonna do this little thing
The big thing, everything we can
'Cause we can, we can change the world We got the world in our own hands
We got it, we got it, we got it
We can change the world
We got the world in our own hands
We got it, we got it, we got it We can, we can, we can
Change the world
With every footstep
We're taking the journey
We're gonna do the little thing,
The big thing, everything we can
'Cause we can, we can change the world We, we got it (oh, oh)
We got the world at our fingertips I said we, we got it (oh, oh)

We got the world at our fingertips I said we, we, we can change the world (oh, oh)

We got the world at our

Oh, we can! oh, we can! I said we, we got it (oh, oh)

We got the world at our fingertips

We got the world at our fingertips

We can change the world We can (x4)

We can (x3)

Change the world

We can (x3)

Ooh oh!

We can (x3)
