

# Recognize

## Flaw

Well I've had enough  
Of these selfish crimes  
I hurt myself again  
Not knowing why  
It seems so easy  
To leave it all behind  
And avoid the truth I think I'd rather just go blind  
Then everything erupts  
My life has come unglued  
And the ties that bind have left me  
What am I to do? Can't seem to recognize  
That stare behind those eyes  
Who is this man I see?  
Who's looking back at me?  
Can't focus through the gray  
And I am fading into nothing  
The reflection must get clearer I think I'm cracking up  
Like I've lost my mind  
I hurt myself again  
Still don't know why?  
I end up the same way  
Each and every time  
I can't avoid the truth  
There's just nowhere to run and hide  
Then everything erupts just like I knew it would  
Been down here long enough  
It never felt that good  
Is this what I've become?  
My life has come unglued  
And the ties that bind have left me  
What am I to do? Can't seem to recognize  
That stare behind those eyes  
Who is this man I see?  
Who's looking back at me?  
Can't focus through the grey  
And I am fading into nothing  
The reflection must get clearer than it appears to be right now  
There must be someone I can see  
There's gotta be something for me  
Show it now, let it go free  
I know it's there waiting on me  
Let it out, let it go free  
Can't seem to recognize

That stare behind those eyes  
Who is this man I see?  
Who's looking back at me?  
Can't focus through the trey  
And I am fading into nothing  
The reflection must get clearerCan't seem to recognize  
Can't seem to recognize  
The reflections get clearer
