

# Little Miss Fortune (Demo Reel 1)

## Bad Company

Little Miss Fortune, hit me and I'm down  
Little Miss Understanding, ran me out of town  
Little Miss Take, she don't understand  
I'm in a bad situation, standing at the station  
Turning around, round, round, yeah  
And facing home, yeah Little Miss Dealing, set you back a while  
Little Miss Freedom, is bound to bring a smile  
Little Miss-ery, got to come and go  
I'm in a bad situation, standing at the station  
Turning around, round, round, yeah, and facing home  
Yeah, facing home I want to get back home, down this long road  
The way I'm going, I hope to see you before too long  
Time is passing; time is gone, oh, oh, oh  
Gettin' on home, I said yeah, yeah, yeah Little Miss Fortune, hit me and I'm down  
Little Miss Understanding, ran me out of town  
Little Miss Take, you don't even understand  
I'm in a bad situation, standing at the station  
Turning around, round, yeah  
I'm facing home; I'm facing home  
I'm driving home tonight, just to see my baby  
I'm home, I love my baby, my baby loves me  
Little Miss Fortune, now won't you leave me alone
