

# When I'm Gone

Carlton Rara

When I'm gone  
Remember my name  
Remember my face  
And my eyes on you When I'm gone  
It will be the same  
There won't be no change  
In my love for you When I'm gone  
You will feel my hands  
Touching your soul  
Like a loving embrace When I'm gone  
The light of your eyes  
Will shine so bright  
You won't fear the dark When I'm gone  
You will feel no pain  
And I'll be flowing  
Like blood in your veins When I'm gone  
Just look what we've done  
Every step we took  
The march we've run When I'm gone  
You won't be alone  
I'll people your heart  
And make it my home When I'm gone  
The love we have my love  
Will rise so high  
It will never die I love You  
I need You  
I want You  
My Love
