

When Love Comes Calling

Nana Mouskouri

1-

When love comes calling

You'd better be at home

Nobody knows the pain of walking

Through this life aloneWhen love comes calling

Open up your door

They say that those who love grow stronger

Than they ever did beforeR-

And I believe there's still time to love somebody

Yes, there's still time to hold someone

'Cause my life has been an empty story

Tossed and turned on every stone

But I pray there's time enough to find the one

My heart is longing for2-

When love comes calling

When love comes callingWhen love comes calling

You'd better be around

'Cause love won't wait or hesitate

But leave without a sound3-

When love comes calling

Calling at your door (Calling at your door)

Comes calling at your door (Calling at your door)

Comes calling at your door
