Stay Useless

Cloud Nothings

Than i said what?s going on with me
I used to have it all no I am gone
I never said I am better off this way
I need something to do
Somewhere to go
I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time

Can I feel udderly unreal
Nothing I can do to change things
I am stuck in here
I am tired of every where
Im never gunna learn
To be alone
I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time to stop moving
I need time to stay useless
I need time
