Nowhere

Skye

I've been holding your hand
too long and I'm feeling you slip
You're out there in the edge of us
and I'm losing my grip
If my heart was a rope
It would hold you here
Cause you swore you would stay
And I just can't stand you leavingI'm not giving you up
I won't let you go
You're not going
Nowhere, nowhere
I'm not giving you up
You can't make me stop
You're not going
Nowhere without meI'm not giving up
Never stopping, never, not
(Nowhere without me)
I'm not giving up
Never stopping, never, notI'm not giving you up
I won't let you go
You're not going
Nowhere, nowhereI've done everything
And I'm begging
You need to believe
No more screaming
At your not getting
You don't get to leave
If my heart was a cage
It would lock you in
Cause you swore you would stay
And I just can't stand you leavingI'm not giving you up
I won't let you go
You're not going
Nowhere, nowhere
I'm not giving you up
You can't make me stop
You're not going
Nowhere without meI'm not giving up
Never stopping, never, not

(Nowhere without me)
I'm not giving up
Never stopping, never, notI'm not giving you up
I won't let you go
You're not going
Nowhere, nowhere
Nowhere without me
Without meI'm not giving up
Never stopping, never, not
I'm not giving up
Never stopping, never, not
I'm not giving up
Never stopping, never, not
