

# The Story Of My Life

## White Town

I finished the story of my life  
About three a m last night  
It's the best thing I've ever read  
And though the start seemed to drag  
You know the middle really wasn't bad  
And the end turned out okay If I had to edit anything  
I might reign those chapters in  
I spent miserable and afraid  
But you know I love the book as a whole  
I wouldn't mess around with it's soul  
Pull a thread and it might come undone
