

# Time And Place (Lp Version)

[Lee Moses](#)

Time and Place We've got the share our love in secrecy  
Nobody must know about you and me  
We can't take too much liberty  
Until the time he sets you free, and I've got to tell you No matter when, no matter where  
Just name the time and I'll be there (I'll be right there) We can't go to a million places  
We can't be around a million faces  
We're this chance oh, this I know  
But I don't mind it baby 'cause I love you so, ah yeah No matter when, no matter where  
You just name the time and I'll be there (I'll be right there) (now) If you've got the nerve to slip away  
Then I've got the nerve to meet you wherever you say  
We'll be taking a chance, this I know  
But I don't mind it baby 'cause I love you so, and I've got to tell you No matter when, no matter where  
Ahhh name the time and I'll be right there, oh yes I will  
I'll be right there I'm gonna hold you, I'm gonna squeeze you  
(no matter when) No matter when  
(no matter where) No matter where  
(no matter when) I'm gonna hold you baby  
(no matter where) If it takes a train  
(no matter when) If it takes a plane  
(no matter where) No matter how I get there baby
