

# Natural Born Killer (Instrumental)

## Avenged Sevenfold

One snap for the dying  
One click to end the day  
Another story with a mangled scene  
It couldn't happen any other way You wanna talk about it?  
I'm begging you to walk in my shoes any time  
Watch the clock 'til you unwind  
You wanna cry about it  
It's making me consider that I've lost my mind  
The way I see, you must be blind So this is the world you left behind  
This is the guilt that consumes you So die alone  
This is the one thing that I won't do  
So say your prayers  
'Cause I ain't leaving here without you Can't bribe me with money  
Can't shower me with shame  
Another killer from a broken home  
Until you come on me with manic fame You wanna know about it?  
Well I'ma be fucking with you every time  
Story broken, you're behind  
Yeah when you ask about it?  
You can rest assured I'll give you my best side  
Seems we all have friends to find So this is the hate I've been born to  
Full are the tales of the untrue So die alone  
This is one thing that I won't do  
So say your prayers  
'Cause I ain't leaving here without you And I'm waiting  
Waiting for the days to slowly pass me by  
(And all the promises I'll find)  
No hesitating, you've pulled the trigger now your story's left behind  
I know you want to see me fry  
Lock my soul you hope to burn So die alone  
This is the one thing that I won't do  
So say your prayers  
'Cause I ain't leaving here without you To die unknown  
Would crush the fish-lens we all see through  
To clear the glare  
Expose the ugliness we hold true
