

# Don't You Cry

## Kamelot

Little by little  
I've come to this point  
On my own I've been searching my way  
I lost you so early  
The days went so fast  
You don't know I prayed every day A song to remember  
A song to forget  
You'll never know how I tried  
To make you proud  
And to honor your name but  
You never told me goodbye Now that you are gone  
Casting shadows from the past  
You and all the memories will last Don't you cry  
Or suffer over me  
I will be waiting for you  
Don't you cry  
Angels never fade away  
I'll be watching over you  
See you through Now I'm a man and  
I'm feeling you still  
Could it be you were there all along  
A time to surrender  
A time to forgive  
With solace I give you this song Now that you are gone  
Casting shadows from the past  
In my dreams I hear your voice at last Don't you cry  
Or suffer over me  
I will be waiting for you  
Don't you cry  
Angels never fade away  
I'll be watching over you I can see you tonight  
In the pale winter light  
Father and son again  
The bond of blood will never end
