Silver

Black Gold

Hold on to what you lost*
Awake to half of what you want and used to be
You think no one sees you
When you don't pretend
You turn your back again
To meet your ends
Daddy wants you
Daddy won't you?
Daddy wants you
Daddy won't you won't you won't you won't?
They filled the streets
With silver screens
They're burning now,
Your pictures at the show
Alone around your friends
They see right through your silhouette and tattered ends
You think no one hears you
No matter what you say
It bottles up inside
'til you get your way
Daddy wants you
Daddy won't you?
Daddy wants you
Daddy won't you won't you won't you won't?
They filled the streets
With silver screens
They're burning now,
Your pictures at the show
And all you want is your fix until it's over
They filled the streets
With silver screens
They're burning now,
Your pictures at the show
And all you want is to drift until it's over
And all they want is to tear and bring you down
And all you want is your fix until it's over
And all they want is to drag and pull you down
