In It To Win It

Styles P

Hey somebody's giving me grief
I'm having one of those days
Something that I just don't need
Today things just ain't going my way
Nothing is working for me
Oh boy I'm feeling the strain
Bridge:
So now I, gotta reach up to the bright sky,
Live life, have trust, keep the faith,
Dust myself off and I'll be alright
Chorus:
It's ok, bad days will come at times
Don't stress it won't last it's only for a minute
All good hard times you'll wonder why
Oh babe you got to be strong
If you gon' win it
Yay what's the problem with me
Is it bad enough to complain
There's people much worse off than me
Hey can't seem to land on my feet
Feel like it's all going wrong
This shit should make me grow stronger
Bridge
So now I, gotta reach up to the bright sky,
Live life, have trust, keep the faith,
Dust myself off and I'll be alright

Chorus:
It's ok, bad days will come at times
Don't stress it won't last it's only for a minute
All good hard times you'll wonder why
Oh babe you got to be strong
If you gon' win it
M8
Take a deep breath
Face your fear don't be worried
Life is too full it could never be empty
Take a step back
Get a better perspective

Fix up, look sharp, don't be so negative
X2
It's ok
It's alright
It's all good
It's alright
Bridge
So now I, gotta reach up to the bright sky,
Live life, have trust, keep the faith,
Dust myself off and I'll be alright
Chorus:
It's ok, bad days will come at times
Don't stress it won't last it's only for a minute
All good hard times you'll wonder why
Oh babe you got to be strong
If you gon' win it
