

Highway 6

Kingdom Come

Every hour somebody's
 Drivin'
Down the highway six
I'm talkin' 'bout the road
 That'll lead you to the
 River Styx
A man down there says
He's gonna take away your
 Pain
 I tell ya he's a liar
And you'll never see your
 Friends again
I lost a friend of mine
 Who took that road
He felt the world had
 Turned
And left him cold
 Highway six

Doesn't take you home
 Highway six
 Deadly fix
 The pressure rises
You can't take the load
You've got no hand to hold
 Except your own
 Highway six
Doesn't take you home
 Highway six
 Deadly fix
 I know these words
They may not save your soul
 But there's a way
You should not ever go
 Highway six
Doesn't take you home
 Highway six
 Deadly fix
