We Will Follow The Sun

Hoku

Baby, hear me when I tell you that I love you
You give me reasons to be always thinking of you
Day or night, night or day, it doesn't matter
You give me hope, you got me dreaming of forever
We will follow the sun together
Will this love of ours last us forever
Who knows but until that day comes
We will follow the sun
Baby, hear me when I tell you that I need you
And I'm not saying this only just to please you
You and me together, baby, that's where it's at
It's the way that I feel, it's as simple as that
We will follow the sun together
Will this love of ours last us forever
Who knows but until that day comes
We will follow the sun
We will follow the sun together
Will this love of ours last us forever

Who knows but until that day comes
We will follow the sun
La, la, la, la, la, la, la, la
Faith is just a sunrise away
La, la, la, la, la, la, la, la
I love you more, my baby
With every new day
He loves me, he loves me, yeah
We will follow the sun together
Will this love of ours last us forever
Who knows but until that day comes
We will follow the sun
We will follow the sun together
Will this love of ours last us forever
Who knows but until that day comes
We will follow the sun
