

# Girl Had It Good

DAG

The girl had it good  
Like a rocket powered thief  
Like an addict with a deal  
Like a daisy in the field  
The girl had it good  
But she threw it all away  
With all of her excuses  
There's nothing left to say but  
Girl had it good  
Girl had it good (good)  
Like a honey with a john (yeah)  
Like a baby with a daddy  
And a daddy with his name  
Girl had it good (she did)  
But she blows it every time (poor baby)  
She'd made the slip  
Like Houdini under forty feet of ice  
Why'd you have to be a freak?  
How could you come here from some underplace?  
With your trips, and your take  
Ah, you ain't no cake  
I can't go with it  
Can't go with ya  
Can't go with it  
Can't go with ya  
Why'd you have to be a freak?
