Amen

Outlandish

Eyes on the trophy, aim all u want kid
But if u dont push ya heart into it - You won't see
Somebody said:"its not that eyes can't see
If the heart in the chest is so damn blind
You wanted to bring life to me
I wanted to bring life to you
Who wanted to bring life to us?!We gone ride or die
Til we hit the spot,
Knowledge is king right
We want soul ma
Hustling and racing is worrying
I'm rumbling for"the crossover"
Troubling; try to take over
Give me peace of mind
Just enough to pay the rent
I'm out of control baby
But don't wanna bring the pain
You wanted to bring life to me
I wanted to bring life to u
Who wanted to bring life to us?!
[Chorus:
Everybody say amen, amen, amen
Does anybody know what I mean,(ay) na mean (ay) na mean(ay)
Can i get an amen (amen) amen (amen) amen (amen)
Does anybody know what I mean,(ay) na mean, (ay) na mean (ay)
Can I get an amen]We gon' ride or die
'til we hit the spot,
Knowledge is king right
we want soul ma
Woke up this mornin'
'Bout half-past three.
Screaming everything's a dream
Do I need to feel this?
My time is over
My enemies, my friends
Mama telling me is real
And it worries me like hell
You wanted to bring life to me
I wanted to bring life to u

Who wanted to bring life to us?!
[chorus]Get a little money get a lil fame watch it
I crumble from your crib to your name
What im about to say is
You aint building no wall
Homeboy we makin a brick
And yall keep coming back cos
Innovative rhymes addict
What sent them back today
No more raps sounds all the same
Like andre 'i don't feel theres more to say'
The sound is game man, this is wordplay
We got layers,got layers got layers that amazes
Like jesus, walk with us talk with us
And if you back your business (?)
Then bare witness and crown with us
Hot to death spittin
Can i get a witness
In this Beverly(?) truely (?)

Everybody say amen, amen, amen
Does anybody know what I mean,(ay) na mean (ay) na mean(ay)

Can i get an amen (amen) amen (amen) amen (amen)
Does anybody know what I mean,(ay) na mean, (ay) na mean (ay)

We gon ride or die
'til we hit the spot,
Knowledge is king right

Now let us be alive! X4 (hey)
no matter how
no matter when
no matter what
I try to fly awayWe gon ride or die
