

# Spitshine

## Saliva

Come on and hit me with the real thing  
You knock me up and then back down again  
Come on and hit me with the real think  
You knock me up and then back out again I've been waiting, I wait with my hands upon my knees  
I don't mind, I don't mind, I don't mind, I don't fight it Shine, come on and hit me with the real thing  
Shine, come on and hit me with the real thing  
Shine, come on and hit me with the real thing  
Shine, come on and hit me with your spitshine
