Would you take your love away?  
Gotta know it, you got it deep within your heart  
Can you see a brighter day?  
Gotta know it, you got it deep within your heart  
Heart, heart, heart, heart, heart, heart Now you got em saying leah, leah, leah, leah  
You got no baby, leah, leah, leah, leah  
Now you got em saying leah, leah, leah, leah  
You got no baby, leah, leah, leah, leah Hold up, baby brought it down  
Trippy for my stash now  
Look at shawty, bout to get down  
Down, hold your breath/dance  
Oh, be wailing out, but some of these girls gotta calm down  
Whoa, hey, got my chips of patron and getting noth but love  
Why won't you ever slow down  
Won't you ever break down  
Don't you ever crave love  
Girl what's the matter with you? Now you got em saying leah, leah, leah, leah  
You got no baby, leah, leah, leah, leah  
Now you got em saying leah, leah, leah, leah  
You got no baby, leah, leah, leah, leah  
Put your hands up, up, up, up  
Put your hands up, up, up, up  
Put your hands up, up, up, up FullBoss in the house  
Yeah we get it poppin, yeah we get it on  
That's right baby we get it droppin  
Right, here on the floor  
Put your hands in the air, this is a stick up  
We'll just hear the words  
Till the break of dawn, when you poppin the bottles  
Here to have fun, bring it back  
Would you take your love away?  
Gotta know it, you got it deep within your heart  
Can you see a brighter day?  
Gotta know it, you got it deep within your heart  
Heart, heart, heart, heart, heart, heart Now you got em saying leah, leah, leah, leah  
You got no baby, leah, leah, leah, leah  
Now you got em saying leah, leah, leah, leah  
You got no baby, leah, leah, leah, leah.
