Angel

James McCartney

Maybe I'm an angel
Manifestation of them all
Maybe I'm an angel
Manifestation of them all
I have felt some hard times
In my life
but I don't to
feel it anymore
I don't know what your think of
But it's okay
I just wanted you to
say it anyway
Maybe you don't understand
Just what I've been going through
Maybe your love will come
And you really don't understand
Anymore
And you don't

Maybe I'm an angel
Waiting to start to live my life
Maybe if you could make it
Then that would be great
Let me tell you something
That you don't know
My love for you is
always been shown
I've had some hard times
In my life
But I don't to feel it anymore
I don't know
To you all
But really willing to try
Maybe you and I hear
But I'm really going to die
Maybe you won't ever

Maybe I'm an angel
Maybe I'm an angel

True love at first sight
True love at first sight
True love at first sight
Wow yeah yeah
True love at first sight
True love at first sight
True love at first sight
Wow yeah yeah
Maybe I'm an angel
True love at first sight
True love at first sight
Maybe I'm an angel
