

# All Things Are Working

## Fred Hammond

Falling apart and tearing at the seams  
Tribulation lends a hand and squeezes all your hopes, your dreams  
You say you retreat, you say you just can't win  
Before you let your circumstance tell you how the story endsHis word says you can stand  
He'll cover you with His grace  
Everything you need is in your hand  
So lift up your head and sayAll things are working for me even things I can't see  
Your ways are so beyond me  
But You said that You would let it be for my good  
So I'll rest and just believeI know you think you've got it bad right now  
But let me say I know that feeling well  
To make good plans for life  
And then watch them take a downward spinLet me encourage you while I encourage me  
He sees the raging rain and wind  
But He'll speak peace and it will come to an endThe truth is He cannot lie  
I'm in His hands and I'm on his mind  
He promised me He'd always be there  
So by faith He will answer my prayerAll things are working for me even things I can't see  
Your ways are so beyond me  
But You said that You would let it be for my good  
So I'll rest and just believeMany days and nights I cried  
Because I felt let down, let down, let down  
But I won't always receive good, I know  
But a praise in my heart will remain, ohSo with tears in our eyes  
Know sometimes it will get rougher  
But say, Lord, I love you more  
And that is enough to knowAll things are working for me even things I can't see  
Your ways are so beyond me  
But You said that You would let it be for my good  
So I'll rest and just believe[?] everything, you must believe  
Even things I can't see  
Your ways are so beyond me  
But You said that You would let it be for my good  
So I'll rest and just believe
