

# Young and Depressed

## MxPx

You've got so many problems  
No one else thinks you can solve them  
Where did the time go  
Everybody wants to know  
Life goes on day after day after day  
Too much work and no playWhen life seems like it cant get any harder  
When you feel like a martyr  
When you've lost all control  
That's when you've let the whole world knowYou're young and depressed  
With no future in this loneliness  
You're young and depressed  
But you're pretty well dressed  
Yeah you're pretty well dressedI know that you've been hurting  
So much has led up to this  
Your eyes are burning  
Hard times make the heart agree  
That's all that you want is to follow your dreams  
They all fall apart at the seamsDiscontentment turns to anger turning sour every lonely hour  
Yeah depression  
Failed relations turn over a new leaf will it be a four leaf clover?  
Yeah obsession yeah depression yeah
