I'm Still Here

Carey Sayles

Song Lyrics by
Carey Sayles

[Chorus]
I'm still here
I'm still here, thou the devil tried to kill me
I'm still here
God held me in his harms. Protect me with his hands that's why
I'm still her. Oohh..
LORD, I'm still here [Repeatx1]

See I wake up in the morning started on my knees. Thanking my Father for shielding me.
Thou my burdens are heavy.
My trials are great, but I have a Savior
So I live by FAITH. [Repeat Chorus]

I'm still here even though my enemies they plot against me.
Say I'm still here even though the firy darts are thrown at me
Say I'm still here even though the fleshes of life surrounds me but thank GOD
I'm still here yes Oohh.. LORD
I'm still her [Repeatx1]

So when am going through my trials
I remember my redeemer
Who has always been my strong tower
And has never leave my side [Repeatx1]

Ooooh...I'm still here
Inspite of my hurt
Inspite of my pain
Inspite of all I am going through.. Oohh..
I'm still here nobody gonna take me away LORD
I'm still here
I may not have money
I may not have faith but LORD am still here
There are times when I feel discouraged to the point where I just feel like giving up
I'm still holding

I'm still holding LORD. Yes yes..
