Tell Me What You Want

Toni Redd

Tell me what you want

Tell me what you want baby, Tell me what you need baby
Tell me what you want from me I'll do anything for you, anything for you

We've been going back and forth much too much
I can't read your mind we're so out of touch
You just need to understand you are my only man I'll take every command from you

Tell me what you want baby, Tell me what you need baby
Tell me what you want from me I'll do anything for you, anything for you

Got you going round and round in my head
Every night I think of things that you"ve said
You are my everything, I'm lost inside this dream with you
I've just got to let you know

It doesn't matter what you want to do
You can take it from me that you will always receive it
If you really wanna let me know what's on your mind
All you gotta do is tell it to me one more time

Tell me what you want baby, Tell me what you need baby
Tell me what you want from me I'll do anything for you, anything for you
Tell me what you want baby, Tell me what you need baby
Tell me what you want from me I'll do anything for you, anything for you
