

# When We're Together

Mark Harris

Advisory - the following lyrics contain explicit language:

I'd like to sail to lands afar  
Out on a boat that's built for two  
Beneath a canopy of stars  
That would be just like a dream come true  
Just to be with you And oh, oh, oh, ohhh  
When we're together  
Oh, oh, oh, ohhh  
Feels like forever Worries seem to fade away  
As they become as distant memories  
When we're together I'd like a castle on a hill  
Where you and I could spend the day  
And I'd love to go where time stands still  
And all that doesn't matter fades away  
You are here with me And oh, oh, oh, ohhh  
When we're together  
Oh, oh, oh, ohhh  
Feels like forever Worries seem to fade away  
As they become as distant memories  
When we're together And I'd love to  
Dance with you  
Under the big blue sky  
We'd hold the  
Wonder of the moment  
As the moment passes by When we're together And oh, oh, oh, ohhh  
When we're together  
Oh, oh, oh, ohhh Oh, oh, oh, ohhh  
Feels like forever  
Oh, oh, oh, ohhh Feels just like forever!!  
Oh, oh, oh, ohhh  
Yeah, whenever we're together  
Oh, oh, oh, ohhh When we're together
