

# Rabbit

## Ray Wylie Hubbard

I saw this old dog who was chasin this rabbit  
I saw a dog he was chasin this rabbit  
I saw a dog was chasin this rabbit  
It was on a sunday 'bout noon

I said to the rabbit you're gonna make it  
I said to the rabbit you're gonna make it  
I said to the rabbit you're gonna make it  
The rabbit said, well I got to.

Well a womans heart's a sacred thing  
a womans heart's a sacred thing  
a womans heart's a sacred thing  
What's a man to do?

Well Try a little tenderness is what he said  
Try a little tenderness is what he said  
Try a little tenderness is what he said  
Well then he said I got to got to.

Now there's two kind of people in the world  
Two kind of people in the world  
There's two kind of people in the world  
The day people and the night people.

And it's the night peoples job  
It's the night peoples job  
It's the night peoples job  
To get the day peoples money.

Well between the devil and the deep blue sea  
Between the devil and the deep blue sea  
Between the devil and the deep blue sea  
That's where I am and I'll always be.

Maybe it means I'm funky and cool  
Maybe it means I'm funky and cool  
Maybe it means I'm funky and cool  
I doubt id that's what it means, really.

If it's in the groove everybody loves it  
If it's in the groove everybody loves it  
If it's in the groove everybody loves it  
Great Harlow Woods said that.

We have a short time to be here  
We have a short time to be here  
We have a short time to be here  
So get out of your rut and get inot the groove.

Get out of your rut and into the groove  
Get out of your rut and into the groove  
Get out of your rut and into the groove  
Get in the groove.

---
