Say Goodnight Instead

JOHNNYSWIM

Don't say goodbye love just say goodnight
Though I know you'll be gone by morning
But we can pretend that we're still alright and this time I'll heed all your warnings
Cuz we got a beautiful thing
a thing that's not easy to find
so don't say goodbye love just say goodnight and we'll save goodbye for when we die.
Cause I want to go to bed dreaming that we're still happy
We'll make our bed early I'll pour you some coffee
Go to bed dreaming we're still happy and stay
So I'll plant all these daisies you gave to me
here in the ground we've been sharing
Oh what a shame what a pity it'd be if our petals fell before these did
Cuz we've got a beautiful thing
a thing that's not easy to find
so don't say goodbye love just say goodnight
and we'll save goodbye for when we die
We'll save goodbye for when we die
Cuz I want to go to bed dreaming that we're still happy
we'll make the bed early and drink all the coffee
we'll wave at the neighbors and work our bones until the sun goes down
I want to go to bed dreaming that you're still happy
that I'm still the girl that you love from that party
go to bed early just sent the coffee and say goodnight instead
Oh just say goodnight instead
It's been so long since I felt you burning
so long since I felt your heat
so long since I felt you burn for me
so long since I felt the heat
so don't say it, no don't say it, don't say it just say goodnight instead
