

# Drown

## Morgan James

I thought I knew how to hold my breath  
I thought I had found all that I'd been left  
I thought I was living close to death  
I didn't know what to do  
Honey be lonely for these long days  
Honey believe in the one that stays  
Go on waitin' for them, till it's over your head  
'Cause you've been waiting with your heart out  
Gotta go where you're led  
'Cause you will find me at the bottom when you come on down  
Let yourself drown  
I thought I would die if I lost my air  
I thought if I dissapear that noone would care  
I saw my salvation but there was nothing there  
I didn't know about you  
Honey be lonely for these long days  
Honey believe in the one that stays  
Go on waitin' for them, till it's over your head  
'Cause you've been waiting with your heart out  
Gotta go where you're led  
'Cause you will find me at the bottom when you come on down  
Let yourself drown  
Won't you let me take you down  
Won't you let me take you down  
Better believe, believe in me  
Better believe and breathe  
Oh  
Waitin' for them, till it's over your head  
'Cause you've been waiting with your heart out  
Gotta go where you're led  
'Cause you will find me at the bottom when you come on down  
'Cause you will find me at the bottom when you come on down  
Won't you let me take you down  
Let yourself drown  
Won't you let me  
Won't you let me take you down
