

# What's Now Is Now

Frank Sinatra

You should have told me when it all began  
You should have told me long ago  
Someday I know you're gonna find  
Just one mistake is not enough To change my mind, what's now is now  
And I'll forget what happened then I know it all and we can still begin again  
And if the doubting faces made you go  
It's only mine that matters now  
Those looks will soon begin to fade  
If you come back and show them all You're not afraid, what's now is now  
And I'll forget what happened then I know it all and we can still begin again  
Now that you know how much I understand  
You have no reason to be gone  
And if you feel at all like me, just let me know  
I'll make it like it used to be What's now is now  
And I'll forget what happened then  
I know it all  
And we can still begin again
