Temptation

FireHouse

Oh Adam looked at Eve, she said that, "Apple's lookin' sweet"
The serpent slithered up and said c'mon let's eat
They knew that they were told to resist the tree with love
Afraid to tell the truth and now their garden's gone so
Just like anybody the devil got me too
And now there's nothin' I can doBecause temptation is comin' onto me
Temptation, I'm just too blind to see
Your sweet temptation knockin' on my door
Temptation, I've just got to get some more
Oh ooo ohThe neighbor's wife is pretty and she wants a truth or dare
She justifies adultery as a meaningless affair
An' later on that evenin' Lord, she can't believe her eyes
Her old man's cheatin' lovers in a black book of disguise
Just like everybody I got a black book too
And now there's nothin' I can doBecause temptation is comin' onto me
Temptation, I'm just too blind to see
Your sweet temptation knockin' on my door
Temptation, I've just got to get some more
Ooo yea eee yea aahThe sexy secretary has a twinkle in her eye
She sees a million dollars as the C.E.O. walks by
Business mixed with pleasure and the lawyers will prevail
While the plaintiff and defendant are both goin' straight to hell
All because a little bit ofTemptation is comin' onto me
Temptation, I'm just too blind to see
Your sweet temptation knockin' on my door
Temptation, I've just got to getTemptation is comin' onto me
Temptation, I'm just too blind to see
Your sweet temptation knockin' on my door
Temptation, I've just got to get some moreTemptation
Temptation
