Teach Me

Fantasia

I wanna love ya, boy
I wanna satisfy, I wanna give ya, oh
All that you want and all that you need in your life
But I know your ahead of my timeSo will you show me
All that I should know?
Baby, I'm happy to grow
Anything else that you didn't show meTeach me how to love you
Show me, I'm willin' to learn, oh
Followin' every instruction
I'll be ya scholar when you're done, ohTeach me whatcha need
'Cause I'm ready to learnAin't nothin' betta, no
Just make me ya prototype
Take a blank piece of paper
Draw me, then, baby, fill in the line
Oh, love, I will follow your guideSo will you show me
All that I should know?
Baby, I'm happy to grow
Anything else that you didn't show meTeach me how to love you
Show me, I'm willin' to learn, oh
Followin' every instruction
I'll be ya scholar when you're done, ohTeach me whatcha need
'Cause I'm ready to learnAll this love, yes, it's yours
Mould me to your perfection
Say the word, if I make a wrong turn
Just give me some direction, ohIt's your world, you can have anything I have
I give you all my trust, oh, oh, oh
Teach me what you need
'Cause that's what you deserveTeach me how to love you
Show me, I'm willin' to learn, oh
Followin' every instruction
I'll be ya scholar when you are done, ohTeach me whatcha need
'Cause I'm ready to learnTeach me how to love you
Show me, I'm willin' to learn, oh
Followin' every instruction
I'll be ya scholar when you are done, yeah, ohTeach me whatcha need
'Cause I'm ready to learn
