

# Hmmm

**Bryan Greenberg**

The hardest part of parting  
Is never say goodbye  
All this "could have beens"  
Eat me up inside  
Now I can't see her face  
What hurts the most is, it's the rage  
But she used to say 'hmmm', 'hmmm'I'm forgetting everything  
Memories are fading in dreams  
All time this time  
Won't you wait for me?  
Let these moments last an eternity  
Your rusty fullow on first down  
And a few fairy tales is all I have  
But she used to say, 'hmmm', 'hmmm'She used to say, 'hmmm', 'hmmm'...
