

Apache Rose Peacock

Red Hot Chili Peppers

Advisory - the following lyrics contain explicit language:

Sittin' on a sack of beans
Sittin' down in New Orleans
You wouldn't believe what I've seen
Sitting on that sack of beans Lunatics on pogo sticks
Another southern fried freak on a crucifix
Hicks don't mix with politics
People on the street just kickin' to the licks Yes my favorite place to be
Is not a land called Honah Lee (MI.)
Mentally or physically
I want to be in New Orleans Oh good brother just when I thought
That I had seen it all
My eyes popped out, my dick got hard
And I dropped my jaw I saw a bird walkin down the block
Name Apache Rose Peacock
I could not speak I was in shock
I told my knees to please not knock Yes my favorite place to be
Is not a land called Honah Lee (MI.)
Mentally or physically
I want to be in New Orleans A little boy came along
Name of Louis Armstrong
Said that girl who left me silly
She liked the looks of me and my willy So I found her in the quarter
Good God how I adored her
Oh she made me feel so cozy
When she told me I could call her Rosey I kiss your hair your skin so bare
I'll take you with me girl anywhere (MII)
You fare well in stormy weather
I never met a girl that I liked better Twinkle twinkle little star
Shining down on my blue car
Drivin' down the boulevard
She was soft and I was hard Apache Rose gotta rockin' peacock
Hottest ass on the goddamn block

Rockin' to the beat of the funky ass meters
She has one of those built in heaters I kiss your hair your skin so bare
I'll take you with me girl anywhere (MII)
You fare well in stormy weather
I never met a girl that I liked better Voodoo gurus casting their spells
Cockatoo drag queens shakin' their bells
Silver sound escapes the trumpet
Watch your leg someone might hump it Chicken strut your butt let's rock
Gettin' it on under your frock
Flowing like a flame all through the night
My girl's insane but it's alright Yes my favorite place to be
Is not a land called Honah Lee (MI.)
Mentally or physically
I want to be in New Orleans
