

My Heart Is Yours (feat. Moses Mukisa)

Worship Harvest Ministries

Father I love you
coz you first loved me
My heart is yours
Now I surrender
do your work in me
Your will be done
Father I love you
coz you first loved me
My heart is yours
Now I surrender
do your work in me
Your will be done
The works of the flesh have filled me
The more I try the harder it becomes
My God's aspiration leads me
To the cross where iam free
Now I lift my voice to worship
I lift my hands coz iam free
This saving grace that came through
I will never be the same
Now I lift my voice to worship
I lift my hands coz iam free
I am looking back to the old ways
I find myself in you
I find myself in you
Father I love you
coz you first loved me
My heart is yours
Now I surrender do your work in me
Your will be done
The works of the flesh have filled me
The more I try the harder it becomes
My God's aspiration leads me
To the cross where iam free
Now I lift my voice to worship
I lift my hands coz iam free
This saving grace that came through
I will never be the same
Now I lift my voice to worship

I lift my hands coz iam free
I am looking back to the old ways
I find myself in you
Now I lift my voice to worship
I lift my hands coz iam free
This saving grace that came through
I will never be the same
Now I lift my voice to worship
I lift my hands coz iam free
I am looking back to the old ways
I find myself in you
I find myself in you
I find myself in you
I find myself in you
