A Woman's Threat

R Kelly

My time, my patience, my love
My blood, my sweat, my tears
My burdens, my drama, my pain
My car, my money, my homeMy ups, my downs, my fears
And my hours, my work, and my strength
My fault, my this, my that
Nigga pleaseIf you don't stop
(This is a warning)
Someone's gonna lay in your bed
(This is a warning)
And someone's gonna eat your food
(This is a warning)
And someone's gonna wear your clothes
(This is a warning)And someone's gonna fit your shoes
(This is a warning)
And someone's gonna get your keys
(This is a warning)
And someone's gonna open your doors
(This is a warning)
Someone's gonna get your check
(This is a warning)This is a woman's threat, baby
This is a woman's threat, yeahMy shakin', my sleep, my stress
My days, my nights, my rest
My do's, my don'ts, my dares
And my church, my pastor, my prayersMy all, my faith, my powers
And my kitchen, my sink, my towels
My joy, my sad, my hate
And my sister, my cousin, my friendsMy lights, my gas, my bills
My role, my way, my will
My hollerin', my fussin', my fights
Nigga pleaseIf you don't stop no
(This is a warning)
Someone's gonna lay in your bed
(This is a warning)
And someone's gonna eat your food
(This is a warning)
And someone's gonna wear your clothes
(This is a warning)And someone's gonna fit your shoes
(This is a warning)

And someone's gonna get your keys
(This is a warning)
And someone's gonna open your doors
(This is a warning)
Someone's gonna get your check
(This is a warning)This is a woman's threat, baby
(This is a warning)My future, my hopes, my dreams
My panties, my socks, my things
My flowers, my dress, my ring
My man, my lover, my kingMy life, my chance, my fault
And my guts, my courage, my wounds
My fence, my neighbors, my yard
My chains, my lock, my guardsMy win, my lose, my gain
And my credit, my card, my name
Myself, my freedom, my roof
Nigga pleaseIf you don't stop no
(This is a warning)
Someone's gonna lay in your bed
(This is a warning)
And someone's gonna eat your food
(This is a warning)
And someone's gonna wear your clothes
(This is a warning)And someone's gonna fit your shoes
(This is a warning)
And someone's gonna get your keys
(This is a warning)
And someone's gonna open your doors
(This is a warning)
Someone's gonna get your check
(This is a warning)This is a woman's threat, baby
This is a woman's threatListen, have you ever heard the story
About the three little bears
See they papa was gone
For a long, long, long, long timeWhen he returned
To his sweet little home
(Come on)
He had come to find
That all of his porridge was goneIf you don't stop
(This is a warning)
Someone's gonna lay in your bed
(Someone's gonna lay in your bed)
(This is a warning)
And someone's gonna eat your food
(Your food)
(This is a warning)

And someone's gonna wear your clothes
(Clothes)
(This is a warning)And someone's gonna fit your shoes
(Shoes yeah)
(This is a warning)
And someone's gonna get your keys
(Your keys)
(This is a warning)
And someone's gonna open your doors
(To your heart)
(This is a warning)
Someone's gonna get your check
(The cash you've paid)
(This is a warning)This is a woman's threat
(Dont stop, no, no)
(This is a warning)Someone's gonna lay in your bed
(You'll be starving)
(This is a warning)
And someone's gonna eat your food
(Keep doin' it, you'll see)
(This is a warning)
And someone's gonna wear your clothes
(You'll be cryin')
(This is a warning)And someone's gonna fit your shoes
(I know, promise baby)
(This is a warning)
And someone's gonna get your keys
('Cause I've tried)
(This is a warning)
And someone's gonna open your doors
(This is a warning)
Someone's gonna get your check
(This is a warning)This is a woman's threat
(This is a warning)Someone's gonna lay in your bed
(This is a warning)
And someone's gonna eat your food
(This is a warning)
And someone's gonna wear your clothes
(This is a warning)
And someone's gonna fit your shoes
