Right Here Right Now

Ultrabeat

Wondering how our love just slipped away
Was it something that we didn't say
Could it be that you need what I never could've been
For you my baby
Now you're taking the time to think it through
This can't be the end for me and you
On my mind, all the time
I still want you by my side, baby
And I realized
(Now you're wanting me)
Something deep inside
(Feelin' so good)
Every day and night
(How you make me feel)
And I'll be there always
Right here, right now with you
Is where I wanna be
Right by your side, you are the one
You are the one
Right here, right now with you
Is where I wanna be
Right by your side, you are the one
You are the one for me
There isn't a day when I don't think of you
And all of the things we do
If you could see how much you mean to me
I'll be there always
Whenever I hear you talk to me that way
It reminds me of why I wanna stay
In your arms, I feel safe, I won't ever go away
I'll be here always
And I realized
(Now you're wanting me)
Something deep inside
(Feelin' so good)
Every day and night
(How you make me feel)
And I'll be there always
Right here, right now with you

Is where I wanna be
Right by your side, you are the one
You are the one
Right here, right now with you
Is where I wanna be
Right by your side, you are the one
You are the one for me
On my mind, all the time
I still want you by my side, baby
On my mind, all the time
I still want you by my side, baby
And I realized
(Now you're wanting me)
Something deep inside
(Feelin' so good)
Every day and night
(How you make me feel)
And I'll be there always
Right here
(To hold you)
Right now
(To show you)
With you
(Just to know you)
Is where I wanna be
Right by
(Forever)
Your side
(To hold you)
You are the one
You are the one
(You're the one)
Right here
(To hold you)
Right now
(To show you)
With you
(Just to know you, yeah)
Right by
(Forever)
Your side
(To hold you)
You are the one
You are the one
(You're the one)

Right here right now with you
Is where I wanna be
Right by your side, you are the one
You are the one
Right here right now with you
Is where I wanna be
Right by your side
