

# There Is a Way

**Mos Def**

This is a song, got two lyrics  
Very simple and plain we can all sing together  
Nobody has to feel left out  
Join in, this is the song people need to be singing right now  
When they tell you you can't, you shouldn't, you won't  
Tell 'em this There is a way  
No matter what they say [Repeat: x4] Don't give up, don't give in [Repeat: x8]
