Talk To Me

[The Outfield](#)

I'm not afraid in the dark
To say what I fell
And I'm just too scared to tell ya
What I know is real[Chorus])
But I can't wait any longer for the lights to go down
Wait any longer for the lights to go down
Wait any longer for the lights to go
Down can't you see
Baby when you talk to me
Baby when you talk to me
Talk to me
Baby when you talk to meI wanna hold you so close
Each beat of the day
I call you up on the phone
Nothing to say[Chorus]Since we first you were the only one
Sometimes I forget, I'm still the lonely one
Ooh-ooh-oohI'm in a trap - sealed by your lips
Scared to go anywhere
Thinking about - those things I miss
Whenever you're not there
