Heartbreak

Juss Thrasher

I was sitting down yesterday
Just singing my life away
Think bout good times,couldn't make up my mind
Just wishing for better days
I need to find a happy home
Cause I can't do this on my own
Since you were by my side
I'll be down to ride
Until the day I'm dead and gone
Cause I can't and I won't be without you
Be without you baby, ohhh
Now I'm,walking these lonely roads
My love for you it shows
I'll give you my heart and soul as if
I'll never see you again
I know things could've been easy or different
But I'll never give up on you if nobody loves you
I do
Everybody had their doubts
Wanted me to walk away
Said that you would do me wrong
And soon not be coming home
But instead I chose to find
Cause I've waited all my life for you to come my way and stay, yeah
Oh I can't,I can't,and I won't, I wont
Be without ya baby
Now I'm walking these lonely roads
My love for you it shows
I'll give you my heart and soul
As if I'll never see you again
I know things could've been
Easy or different
But I'll never give up on you
If nobody loves you I do, I do
I can't, I cant be without you baby
Walking these lonely roads
My love for you it shows
I'll give you my heart and soul
Like I'll never see you again

I know things could've been
Easy or different
I'll never give up on you
If nobody loves you I do
Ooohhh I do
Cause I can't,I can't and I won't
(Yeah)
