

Want to Be Me

[Cela](#)

You I don't care what you think
There's so much to see and I don't wanna be anybody but me Better watch what you say around here
We all know that the walls have ears, and they'll twist every thing you say
Be careful what you do cuz things spread like wildfires these days You I don't care what you think
There's so much to see and I don't wanna be anybody but me
I...I, I won't step in line, I'm gonna change your mind cuz I don't wanna be anybody but me All my friends are
moving on, I don't feel like i belong, but who said I'm trying to fit in
I hear whispers down the hall, but who cares who's right or wrong, where do these rumors all begin You I don't
care what you think
There's so much to see and I don't wanna be anybody but me
I...I, I won't step in line, I'm gonna change your mind cuz I don't wanna be anybody but me Now break it down
boys' ooh yeah, doh doh doh dooh, doh doh yeah, yeah, doh doh woahh woahh You I don't care what you think
There's so much to see and I don't wanna (wanna be wanna be) me be anybody but me
I...I, I won't step in line (line), I'm gonna change your mind (mind) cuz I don't wanna be anybody but me You I
don't care what you think (I don't care what you think)
There's so much to see and I don't wanna be anybody but me
I...I, I won't step in line, I'm gonna change your mind cuz I don't wanna be anybody but me (I don't wanna be
anybody but me)
