

# Gunfighter

## Dangerous Toys

I got some big six-shooters packed up on my steed  
And I only take 'em off unless I got some flesh to feed  
Intimidation to the max is what'll do it to me

I'll rip it right and rip it left but just to make your heart bleed  
Laying down in the dirt, a big bottle of wine  
Rather listen to some blues or love a women 'til she's blind  
Got a lot of time to waste on shining my big gun

But when I ride into your town you and your sister want some fun, yeah  
I'm looking for a Juliet to take my cowboy blues away

And the ten down broken hearts behind me, they're not mine

I'm a gunfighter looking for love, a gunfighter for love

I'm a gunfighter looking for love, a gunfighter for love

Gunfighter for love, gunfighter for love  
Well, I'm a six foot all American kid

My serial number's one nine seven six

Born down south where the barbed wire plays

And my parents met in the U.S of A.  
I'm looking for a Juliet to take my cowboy blues away

And the ten blue broken hearts behind me, they're not mine

I'm a gunfighter looking for love, a gunfighter for love

I'm a gunfighter looking for love, a gunfighter for love

Gunfighter for love, gunfighter for love  
Legendary, gunfighter, buckshot, point-blank

Fast aim, six-shooter, trail blazer, gunslinger

Pistol packin', rough rider, wanted man, coach robber

Shot drinkin' cowboy, gunfighter for love  
I got some big six-shooters packed up on my steed

And I only take 'em off unless I got some flesh to feed

Intimidation to the max is what'll do it to me

I'll rip it right and rip it left but just to make your heart bleed  
I'm looking for a Juliet to take my cowboy blues away

And the ten down broken hearts behind me, they're not mine

I'm a gunfighter looking for love, a gunfighter for love

I'm a gunfighter looking for love, a gunfighter for love

Gunfighter for love, gunfighter for love  
Gunfighter for love
