

# The Truth (Featuring Roisin & J-Live)

## Handsome Boy Modeling School

Go  
Go to the mountain if you must  
Go to the burning bush  
Happy would ease your troubled mind  
How do the fade just stay behind? I know you better than you think I do  
Don't worry this is why I fell in love with you  
The man in the looking glass  
Is looking back at you at last You can't hide from the truth  
Because the truth is all there is  
You can't hide from the truth  
Because the truth is all there is  
You can't hide from the truth  
Because the truth is all there is  
You can't hide If happy times are too few and far between  
It's a pity dear, we can't erase the things we've seen  
So disappear, vanish if you wish  
Just go before you're swallowed up by bitterness And the truth is you can't hide from the truth  
And the truth hurts because the truth is all there is  
I realized some time ago that I would have to let you go May not be true to see that you would return one day  
But in your present state you may as well not be here at all  
You wear a thin disguise, it's from yourself you hide  
Just take a look at us, we are heading for a fall Now presiding in this quarter hip-hop  
Justice, my rap fortÃ©  
Judge, jury, bailing for prosecuting D.A.  
Et ceteras, paraphas  
My modus operende  
It's carpe diem whether the fact or word is your way  
Comprende?  
The people versus, you ain't no Sensi  
Teaching that style of word-play  
We got the words they  
Regardless of what your friends say  
They're all disable  
Striken from the record and deemed indimissable  
And this long arm of the law grabs a mightier  
Shoot dope lines first and ask questions later  
The sentence of this live litigator  
Close the case tighter than the jaws of a 'gator  
Stenonographer, that study law again, the jargon

Let your counselors 'a barking, in hopes of a plea bargain  
But when you read back verbatim  
What they're saying to persuade them  
They realize exactly how I've played them  
I come with the truth, whole truth and nothing but  
'Cause the truth hurts just as much as in' with lies will  
I brew skill with free fills from now until  
Plagiarizing MC's get their flows distilledBaby I don't die without you by my side  
As long as you return into these arms that burn  
Baby I won't die just take a look inside  
Into these eyes that burn, come to these arms that yearnI won't die, if you leave me high  
I won't die if you're not by my sideAnd the truth hurts because the truth is all there is  
And the truth hurts because the truth is all there is  
You can't hide from the truth, 'cause the truth is all there is  
You can't hide from the truth, 'cause the truth is all there is  
You can't hide from the truth, 'cause the truth is all there is  
You can't hide from the truth, 'cause the truth is all there is  
You can't hide from the truth, 'cause the truth is all there is  
You can't hide from the truth, 'cause the truth is all there is  
You can't hide from the truth  
Because the truth is all there is  
You can't hide from the truth
