

Natural Progression

[Aswad](#)

Natural progression
Natural progressionNecessity was the mother of I and I invention
Using what we had and there was plenty
In Mother AfricaThe government society
Colonialise black nation
The government society
Colonialise black nationNatural progression
Natural progressionYou confuse my early tuition
Hold I customs then
That you'll call it religionInventing military weapons to gain supremacy
Inventing your military weapons to gain supremacy
When I and I wantNatural progression
Natural progressionThey want to execute political system
They want to execute political system
They want to execute political system
They want to execute political systemOh, there's a
Natural progression
Natural progressionThey want to execute political system
They want to execute political system
Want to execute political system
Want to execute political systemNatural progression
