

# Start Again

## Clooney

What if I promised you  
Gardens of roses and sun  
What if you followed me  
Back to the place we begun  
Nothing is perfect but  
Wasn't it worth it  
Even with tears in our eyes Holding you near  
We'll sing happy new year Count to ten, begin again  
And say one more time

Sorry forgive me  
And don't ever leave me  
Let's start again  
Sunrise and mornings  
Clean slates, new dawnings Yeah I know we can  
Let's take it back to hello  
We've come too far to let go Just say when - Start again

What if I took your hand  
In music and silence we'd dance On the ride here we go Everyone gets one more chance  
Nothing is perfect but  
Wasn't it worth it  
Even with tears in our eyes Holding you near  
We'll sing happy new year

Count to ten - begin again And say one more time  
Sorry forgive me  
And don't ever leave me Start again  
Sunrise and mornings Clean slates, new dawnings Yeah I know we can  
Let's take it back to hello We've come too far to let go Just say when  
Start again

Will you honour me  
Will I cherish you  
Shall we take this step  
Catching our breath  
Undo the hurt we've been through And say one more time  
Sorry forgive me  
And don't ever leave me  
Start again

Sunrise and mornings  
Clean slates, new dawnings  
    Yeah I know we can  
    Letâ€™s take it back to hello  
    Weâ€™ve come too far to let go  
        Just say when  
        Start again
